Tools & Platforms: Visual Studio, Visual Studio Code, Git, GitHub, XAMPP, Postman, Figma, Microsoft SQL Server, phpMyAdmin, Google Flow, AI Development Tools

Mobile & AI: Flutter, Android Development, Mobile Application Development, Artificial Intelligence, Machine Learning, Generative AI, AI-Assisted Development, AI-Powered Applications

---

PROFESSIONAL EXPERIENCE

Trainee – IT / Digital Development

Brainiacs Consultancy, Sri Lanka | Present

- Gain practical exposure to IT and digital development activities.
- Work with HTML, CSS, JavaScript, Git, GitHub, VS Code, AI development tools, and Google Flow.

EDUCATION

Higher National Diploma in Information Technology (HNDIT)

Sri Lanka Institute of Advanced Technological Education (SLIATE), ATI Sammanthurai
2024 – 2026

Relevant areas: Software Development, Web Development, Database Management, Programming, Application Development, Practical IT.

Diploma / English Course

British Council Sri Lanka | 2024

Developed English language and professional communication skills

PROJECTS

Smart Supermarket Management System

Individual Academic Project | 2025 | Completed

Desktop-based supermarket application developed to organize product and sales-related operations and reduce manual work.

Key Features: Product Management, Category Management, Seller Management, Sales Management, Billing, Product Information, Database Connectivity, CRUD Operations.

Technologies: C#, .NET, Windows Forms, Microsoft SQL Server, Visual Studio

GitHub: github.com/afhamahamed7126-dotcom/SMART-SUPER-MARKET-PROJECT

Student Companion Web Application

Individual Academic Project | 2026 | Ongoing

Web application designed to centralize student academic activities including notes, assignments, timetable, events, reminders, and academic Q&A.

Key Features: Student Dashboard, Notes, Assignments, Reminders, Timetable, Events, PDF/Notes Upload and Preview, Academic Q&A.

Technologies: HTML5, CSS3, JavaScript, Bootstrap, PHP, MySQL, PDO, Chart.js

Tools: XAMPP, phpMyAdmin, Visual Studio Code

CORE STRENGTHS

- Problem Solving
- Quick Learning
- Creative Thinking
- User-Focused Thinking

AREAS OF INTEREST

Web Development | Software Development | Artificial Intelligence | Machine Learning | Database Systems | Mobile Applications | Modern Web Technologies | Graphic Design | Creative Digital Solutions

---

LANGUAGES

Tamil: Native
English: Intermediate
Sinhala: Basic

CAREER OBJECTIVE

To build a successful career as a Software Developer by continuously improving my skills in software engineering, web development, databases, and Artificial Intelligence. I aim to gain practical industry experience, contribute to meaningful technology projects, and develop reliable, user-focused digital solutions.
